

Palm Beach Casino

Like the Empire and the Grosvenor Victoria, Palm Beach is a casino with a poker room but unlike them it only has high level games and is definitely targeted at the higher roller amongst us

Food & Drink:

As you would expect the food is really good here and I would highly recommend you book if you are looking to eat in the evening although the kitchen is open until 2.30am Mon - Sat so you should be ok if you aren't fussy about the time. The new chef David Laval has recently introduced a new menu which Palm Beach describe as a "marriage of spices and flavors from around the world" As for drinking, in addition to the usual table service they also have a Palm Beach bar which overlooks the gaming floor and serves lots of different cocktails including many they have created themselves.

The Poker:

They have poker tournaments four times a week at Palm Beach and always have a cash game after on Tuesdays, Wednesdays and Thursdays. All tournaments start at 8.40pm apart from Mondays, Fridays and Sundays where the tournaments start at 7.00pm. Below is the schedule:

Mon - Cash games only although the first Monday of every month includes a £1,000 freeze out (£50 reg)

Tues - £250 Freezeout (£25 reg)

Wed - £100 Rebuy (£10 reg)

Thurs - £250 Freezeout (£25 reg)

Fri - Omaha £1,000 Cash Game
